

Make: Design for 3D Printing: Scanning, Creating, Editing, Remixing, and Making in Three Dimensions

By Samuel Bernier, Bertier Luyt, Tatiana Reinhard

O'Reilly Media, Inc, USA. Paperback. Book Condition: new. BRAND NEW, Make: Design for 3D Printing: Scanning, Creating, Editing, Remixing, and Making in Three Dimensions, Samuel Bernier, Bertier Luyt, Tatiana Reinhard, France's Le FabShop has extensive experience testing 3D printers and creating digital models for them. From an articulated Makey Robot to a posable elephant model, Samuel N. Bernier and the rest of Le FabShop's team have created some of the most-printed designs in the 3D printing world. This book uses their work to teach you how to get professional results out of a desktop 3D printer without needing to be trained in design. Through a series of tutorials and case studies, this book gives you the techniques to turn a product idea into a 3D model and a prototype. Focusing on free design software and affordable technologies, the exercises in this book are the perfect boost to any beginner looking to start designing for 3D printing. Designing for the tool and finding a good tool to fit the design--these are at the core of the product designer's job, and these are the tools this book will help you master. Foreword by Carl Bass, Autodesk's CEO, a passionate and prolific Maker....
