

A Geography of New Jersey: The City in the Garden (Paperback)

Filesize: 5.67 MB

Reviews

Comprehensive guideline! Its such a good read through. It is actually writter in basic words and not confusing. I am just easily could possibly get a enjoyment of reading a composed book.

(Lonzo Wilderman)

A GEOGRAPHY OF NEW JERSEY: THE CITY IN THE GARDEN (PAPERBACK)

Rutgers University Press, United States, 1998. Paperback. Book Condition: New. 2nd Revised edition. 231 x 155 mm. Language: English . Brand New Book. The book is chock full of nuggets of information on all aspects of New Jersey from the beginning of the colonial period to the mid-1990s. -Harbans Singh, Montclair State University This is an up-to-date, comprehensive and well-written text that will appeal to both the student and the general reader. I shall make it required reading for my course on the geography of the state. -Peter O. Wacker, professor of geography, Rutgers University More than an ecological primer, this book provides essential social and economic information. Over one hundred figures and forty-five tables capture details to support the straightforward prose, and an annotated bibliography leads the reader on. -New Jersey Monthly While the second edition is similar to the first, only with more up-to-date statistics, improved maps and figures, and organization, the material covered is factually interesting. Following an introduction . . . there are several chapters on the physical geography. . . . These are followed by interesting chapters on managing physical environments, human ecology and early European settlements, including excellent sections on historical geography. . . . The number and informational content of the maps is far superior in the second edition. The book is of value for use in either a high school or university regional geography class. Stansfield must be commended for his writing style that holds the interest and for his knowledgeable selection of materials to be included. -The Pennsylvania Geographer New Jersey is the city in the garden. It is a bundle of paradoxes-a highly industrialized state famous for its seashore and mountain resorts; fairly conservative politically, it nonetheless pioneered state land use, zoning, and environmental protection legislation. The only state to...
