Reviews

This publication will never be effortless to get started on reading through but very entertaining to read through. It normally is not going to expense too much. I discovered this publication from my dad and i encouraged this book to find out.

Createspace, United States, 2015. Paperback. Book Condition: New. 279 x 216 mm. Language: English . Brand New Book ***** Print on Demand *****.The Witches Tools OWL offers an overview of the most common tools found in Witchcraft, as well as some fairly rare ones. Laurelei and Natalie thoroughly discuss the acquisition, cleansing and disposal of personal and group tools in this handy volume. Asteria Books is proud to offer what will be an extensive digital and print library of curriculum guides for students of the Craft and occult airts. We understand that novice practitioners are yearning for material in comprehensible portions over a potentially wide range of topics, which is precisely what we provide. As an OWLS reader, you can choose from lesson titles in any course to create a comprehensive Book of Shadows or Grimoire. Furthermore, each OWL book comes with its own 10-question quiz and answer-key, allowing you to check your knowledge when you finish. OWLS are a great way to build a reference library, begin (or end) a Book of Shadows, or plan a Craft 101 class for your coven.
