Neu Neuware, Importqualität, auf Lager, Versand per Büchersendung - Its been three months since all the adults disappeared and everyone under the age of fourteen became trapped in the bubble known as the FAYZ. And the kids are in dire straits. Most of the food ran out weeks ago and though the threat of starvation looms, few kids are willing to do anything about it. And each day more and more kids are developing deadly supernatural abilities that set them apart from the kids without powers. Tension is high and amid a showdown between good guy Sam and bad boy Caine at the power plant, another battle breaks out. This one is between normal kids and mutants and it promises to turn deadly. But something even more sinister lurks. The Darkness, a force of evil living at the bottom of a mine in the desert, has begun to call to some of the kids in the FAYZ. It wants to control their minds and use their powers to feed its own. When some of the kids answer the Darkness call, a terrifying evil is unleashed and the kids in the FAYZ must fight their biggest and most dangerous battle yet. The second book in Michael Grants thrilling GONE series grabs the reader from the start and doesnt let go until its breathtaking conclusion. 608 pp. Englisch.
