Excerpt: .This section of the city, with few exceptions, is in an excellent condition. The prevention of pollution of the Schuylkill river has been continued. A communication from the Chief Engineer of the Bureau of Water, complaining of the pollution of the Schuylkill water by parties along the canal at Manayunk, depositing offal, etc., was investigated and cautionary notices served upon all the mills, factories, dwellings and stores, prohibiting such practice. Slaughter Houses. An inspection of slaughter houses, of which there are in active operation two hundred and three (203), finds these establishments generally well conducted. But four (4) were found to be in such condition as to require official action, one of which has been directed to be closed and the business discontinued. Cemetery Vaults. The annual inspection of cemetery vaults, made after May 1st, evidences care on the part of superintendents of cemeteries in...
