NETWORK SECURITY: ISSUES, CHALLENGES AND TECHNIQUES

Narosa Publishing House, 2010. Hardcover. Book Condition: New. As the advances in networking technology help to connect any part of the globe, and openness and scalability of the Internet is opening up a number of new on-line applications, the threats from attackers has also grown drastically. In recent years, attackers have shown increasing sophistication in their ability to launch attacks which threaten the security of the devices connected to the Internet. Accordingly, this volume covers - design of an effective...

Reviews

This publication is wonderful. it was actually writtern very completely and beneficial. You may like the way the writer compose this publication.
-- Prof. Aisha Mosciski PhD

Complete information for publication fans. Better then never, though i am quite late in start reading this one. Its been written in an extremely straightforward way in fact it is just soon after i finished reading this ebook in which basically altered me, change the way i believe.
-- Ellie Stark
